Photographs by Mario Lamma

Curated by Guido Piacentini

Text by Alessandra Rizzi

13 April – 26 May 2018

The exhibition opens at Studio Cenacchi, Via Santo Stefano 63, Bologna, on Friday 13 April at 6 pm.

Mario Lamma is an outstanding nature photographer. His favoured setting is the Emilian Apennines, whose most secluded and silent places he has explored, often stopping at riverbanks, particularly in winter.

For more than thirty years, Lamma devoted himself to the purest black-and-white photography, using a large-format view camera to produce images of exceptional beauty and technical quality. Only recently, after years of study, has he turned to the complex world of digital photography and to colour images, whose palette is at once restrained and vibrant.

STUDIO CENACCHI

Studio Cenacchi was founded in 2016 out of Jacopo Cenacchi's research into and passion for contemporary art. The gallery occupies 160 square metres across three floors of the sixteenth-century Palazzo Ghiselli Vasselli, at Via Santo Stefano 63 in central Bologna.

The gallery presents artists working across a wide range of media and maintains direct relationships with them, placing particular emphasis on the quality of the works it exhibits. Its programme encompasses established and contemporary artists from Italy and abroad.

Studio Cenacchi also provides art advisory services for the acquisition of works of art, including visits to clients' homes and professional premises to develop bespoke proposals for displaying art in domestic and working environments.
